Hello Pankaj and Harish,  
Greetings!

Based on the current version of the platform, would request you to incorporate the following changes:

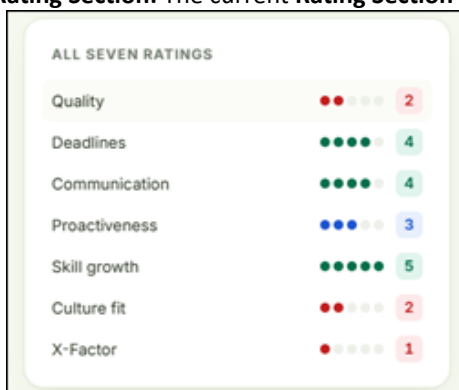

- 1. Resource Auto-Population:** The current resource-checking function needs to be removed or resolved. At present, it is bringing in **Interns, Contractual Resources and Permanent AAPNAite's from AD**, which is creating unnecessary manual checking. The system should ideally **automatically fetch only Interns and Permanent AAPNAite's from AD**, without requiring manual addition/checking of each resource.
- 2. Remove the following sections**, as they are not required:
  - Manager Comparison
  - Average by Parameters
  - Rating Distribution
  - Average Rating by Month
  - Probation Outcome
- 3. Remove unnecessary/duplicate data** wherever the same information is being displayed multiple times. The dashboard should be kept clean and focused only on relevant information.

- 4. Work List & Emails:** Please clarify what the “Work List & Emails” section is intended for and whether it is required. If it is not required for the probation process, please remove it.

- 5. Rating Section:** The current **Rating Section is not required** and should be removed.

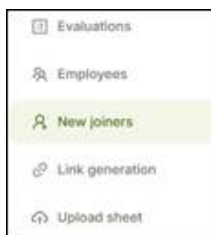

6. **Date Formats:** Please standardize and add proper date formats wherever dates are displayed. Ideally, use a consistent format across the platform, e.g. **DD-MM-YYYY**.

| DOJ        | REPORTING MANAGER | PROGRESS                                   | NEXT DUE   |
|------------|-------------------|--------------------------------------------|------------|
| 2026-08-16 | Harish            | <div><div></div></div> 2/6<br>● 1 awaiting | 2026-12-14 |
| 2023-01-02 | Hardik Shah       | <div><div></div></div> 6/6                 | —          |
| 2022-12-07 | Hardik Shah       | <div><div></div></div> 3/3                 | —          |
| 2022-09-26 | Anil Kumar Garg   | <div><div></div></div> 2/3                 | —          |

7. **Application Name:** Please change the application name to: **AAPNA Probation Period Evaluation Platform**

8. **Emails:** Please ensure that the **Probation Period** wording is mentioned in all relevant emails/notifications so that the communication clearly indicates the probation timeline of the resource.
9. **Employee Naming:** Please change “Employees” to “AAPNAite’s” or “Commandos” across the platform for consistency with AAPNA terminology.

Would request you to please review the above points and make the necessary changes accordingly.

Thanks & regards,
